Report of the Commissioners of the Milton Water District

Your Commissioners submit the following report for the year of 1959.

This, the year of 1959 has been an extremely bad one for the Milton Water District. The extremely bad winter weather we had caused about eight freeze ups to start the year off. The district put in a six inch line about two hundred feet long to the Nute High School so that a new sprinkler system could be installed in the original building. In the installing of this line many unforseen difficulties arose, causing the cost to be more than estimated.

We had several serious repairs on the services, mostly in galvanized pipe, and we forsee many more, as after twenty-three years the galvanized pipe has reached a point where it is almost impossible to repair. The parts and repairs for these services have been costly to the District. All of these services have been repaired with copper tubing.

One other item which has boosted our cost has been parts for the pumps. After waiting several months for these parts they arrived late in the year. One pump will be completely overhauled in the near future. This should leave us with both pumps in perfect condition as the other one was reconditioned in 1957.

Two new services have been added on the Farmington Road which with the addition of our new Laundermat should give the District a nice boost.

We believe the overall condition of the system is in very good shape. The only trouble we anticipate is more service breaks on the galvanized pipe.

SHELDON W. DAMON,
STANLEY C. TANNER,
FRANK E. McINTIRE,
Commissioners.

2 Chimney fires (Acton, Maine)
1 Chimney fire (Wakefield, N. H.)
1 Stand by duty (Union, Wakefield, N. H.)
4 Building fires (Wakefield, N. H.)

Once again may I take this opportunity to thank the communities that have been of assistance to us through the mutual aid, and all persons who have furnished assistance in times of emergency; to the Commissioners, Selectmen, Women's Auxiliary, and all others who have given assistance, may I say thank you for the help in the Department need as to the procurement of equipment and other effects.

There have been requests for the loan of equipment, such as ladders, pumps, ropes, etc. It is impossible for the Department to let these articles out

for they were purchased by the District for use in case of emergencies and not for personal use. Hereafter, please do not request the loan of any equipment. In case of any urgent need, call the Department and help will be sent, along with the equipment, to help you.

Respectfully submitted,

DAMON PIKE,
Chief.

PREVENTION IS EVERYBODY'S BUSINESS

The year 1959 was fortunate from a forest fire standpoint. New Hampshire had the best record in the nation. Fewer acres were burned, suppression costs were substantially reduced and damage to woodlands held to a minimum. The record resulted from a combination of favorable weather conditions, an alert warden service and a cooperating public.

Yet, despite all this, there still persists a disturbing note:

58%, or 6 out of every 10 fires in 1959 were caused by careless smokers and debris burners.

10%, or 1 out of every 9 fires was caused by children.

Careless, indifferent, thoughtless and independent minded individuals and failure of parents to properly supervise children and keep matches out of their reach, annually cause these unnecessary fires which cost large sums to extinguish and cause extensive damage. The elimination of these three causes of fires would radically change this picture. The rules are simple—

1. Before burning, secure a permit from your local forest fire warden—the law requires it.
2. Be sure to properly supervise your burning.
3. Make certain your fire is DEAD OUT before leaving it.
4. Don't throw lighted matches, cigars and cigarettes from moving vehicles—use your ash tray.
5. Don't burn at home—Use your town dump and save yourself much possible difficulty, both personal and financial.

Number of local fires	2
Number of acres burned	12-1/5
Number of permits issued	45

ROBERT W. SMITH,
District Fire Chief.

REPORT OF THE SUPERVISING PRINCIPAL MILTON PUBLIC SCHOOLS

Nute High Milton Elementary
Milton Mills Elementary

To the Superintendent of Schools, the School Board, and the Citizens of Milton:

ADMINISTRATION. This year with the change of Nute High from private to public operation and the construction of additions has required of students and teachers continual adjustment and considerable patience. The decision of the School Board to place all the schools under one administrative head seems at the present time to have been sound; however, it should be understood that more than one-half the Principal's time this year has been occupied with problems directly connected with the construction.

PERSONNEL. The faculty continues with almost 100 per cent membership in local, state, and national Education Associations. The interest is high and Miss Marjorie Goodwin is serving this year as Treasurer of Union No. 44 Teacher's Association. Mr. Davidson serves as Secretary of the Southeastern League.

During the summer Mr. Roberge and Mr. Germaine attended the summer session at the University of New Hampshire.

CURRICULUM. The Elementary Schools offer all of the subjects normally found in schools of comparable size with the possible exception of a special Art Supervisor. We are fortunate, however, to have regular teachers with talent and interest to provide opportunities in this area. Basic textbooks have been replaced as they have become worn out or out of date. A new encyclopedia was added to the Milton Elementary School this year.

Nute High is now approved by the N. H. Department of Education as a six-year Comprehensive High School and offers thirty-two different courses this year. With other courses offered in alternate years it is possible for a student to fulfill all the requirements for college entrance. The new facilities in Home Making, Science, Commercial Department, and Shop provide a desirable opportunity to offer greater student participation in these areas. The alternating of courses presents problems in scheduling at times to individual students. The School Board, aware of the need to better serve the students in these areas, has included in the budget this year money for an additional teacher at the High School for the consideration of the voters.

The schools continue using standardized intelligence and achievement tests in all grades, the results being recorded in the permanent records and used by teachers in their efforts to provide better learning experiences for individual pupils. The Sophomore class participates in the State Testing Program again this year. Grade 8 has participated in a new state testing program made possible through funds from the National Defense Education Act. The results of these tests should prove valuable in advising the students in their selection of High School courses.

Mrs. Bassett continues to maintain interest in the instrumental area of music and plans again to have a spring concert. The schools have been fortunate in obtaining some Army Surplus bugles that are being used by the Milton Elementary pupils. Nute High was able to purchase a complete set of drums with money that had been accumulated from admissions paid at musical concerts and programs. Music students from the High School participate in the state Music Festival both in the orchestra and in choral groups.

Mr. Mirabile has brought real interest and achievement to the vocal music area. His pupils have participated in the Christmas Concert, entertained the P.T.A. and hope to present a spring concert. During the spring semester the Music Department has assigned a U.N.H. Senior to Practice Teach under Mr. Mirable's supervision.

FIELD TRIPS. Grade 7 last year visited the Milton Leatherboard, the Greene Tannery and with arrangements made by State Representative Warren H. Reid visited the State Capitol and Legislature at Concord. Classes from the Nute High have visited the Rochester Trust Company, the home office of the Grange Mutual Insurance Company, General Electric, Somersworth, and the DiPrizio Lumber Company. The students learn in varied ways by making these trips and the effort and expense expended by the companies in co-operating with the school is appreciated.

ATHLETICS. Nute High is a member of the N.H.I.A.A. and the South Eastern League and all sports are conducted under the rules and regulations of these associations. Six sports, Soccer, Volley Ball, Boys' and Girls' Basketball, Baseball and Softball are offered with coaching provided by the teachers. This year a Junior Varsity Cheerleading squad has been added and two boys have been added to the usual Varsity Cheerleading Squad.

Last spring the Baseball Team played in the state championship play-off being defeated by Belmont and this fall the Soccer Team, co-champions in the South Eastern League, were defeated in the state play-off by Peterborough. The basketball teams have had unsuccessful seasons but the spirit of players and students is admired by all concerned. The difficulties and expense of operating a basketball season with no home facilities have been great and have had a detrimental effect on the success of the teams.

LIBRARY. The Library, with additional classrooms now available, is no longer being used by students for either class or study periods, and as soon as the new addition is complete Music classes will be moved to the stage in the auditorium. The Nute Trustees are redecorating the room and when this is complete plan to have the Library open several more hours per week for the use of students and townspeople. Mrs. Joan Brown resigned as Librarian and has been replaced by Mrs. Ruth Plummer. For nearly ten years the Trustees were forced to use the Library for classes and now that this is no longer necessary every effort will be made to make the public understand that the Library can be used during the scheduled hours without the embarrassment of disturbing or being disturbed by students using the room for classes.

HOT LUNCH. Mrs. Amy Stowe and Mrs. Doris Cheney continue at the Elementary School and Mrs. Ernestine Nutter and Mrs. Dorothy Swett were able to start the lunch program in the Nute High on December 7 after a long delay waiting for the various kitchen facilities to be available. All cooks attended the three-day workshop for Lunch Workers held this year in August at Pembroke.

The participation in both programs, now operated under one authorization from the state, is higher than the average for the state which is a fine compliment to the interest and ability exhibited by the Lunch Staff.

Miss Ruth Cutter, Director School Lunch Services for the N. H. Department of Education, visited the schools in January, remarked on our high percentage of participation and was much pleased to see the new facilities now available.

With the facilities of a milk bottle cooler it was possible to institute at Nute this year a "milk-break" which enables students desiring milk to obtain a bottle

from the cooler between class periods and take it to the classroom to drink during a regular class or study period. This has been well received by the students, has resulted in little disturbance and has eliminated the problem of students eating lunches during the morning.

SCHOOL PLANT. At the Milton Mills School the front steps and porch were repaired, the shingling of the roof completed, and some changes made in the basement stairwell to provide for a reduced fire insurance premium.

The galvanized piping in the Milton Elementary School, a source of many annoying leaks, was completely replaced with copper during the summer.

Mr. Arthur Chase was employed as custodian of the Milton Elementary School, Mr. Sheldon Damon was employed at Nute High, and Mr. George Longley at Milton Mills continues to keep an old building exceptionally clean. Mr. Chase and Mr. Damon have both worked with the difficulty of continual problems of extra dirt and dust coming into the existing building from the new construction.

The sprinkler system was placed in operation at Nute High during January and has been inspected and approved by the N. H. Board of Insurance Underwriters.

The Town Highway Department continues to furnish excellent maintenance service to the schools both summer and winter thus providing for the convenience of traffic to the school at no cost to the School District and a minimum of cost to the Town Highway Department. The Beach Commissioners have been most cooperative in providing facilities for fall and spring athletics and for School Picnics.

The loyal support and confidence placed in the school staff by the Superintendent, the School Board, and the townspeople is a most gratifying reward fully

appreciated. As the School Plant grows and the enrollment increases it places upon the school staff a responsibility willingly accepted to provide educational and recreational opportunities to townspeople of all ages.

Respectfully submitted,

JOHN B. FOLSOM,
Principal.

REPORT OF THE SCHOOL NURSE

To the Superintendent of Schools, the School Board and the Citizens of Milton:

I hereby submit my annual report as school nurse.

There have been few changes made in the routine health program this year. The children were weighed, measured and their eyes and teeth were checked. All students in the elementary school as well as those in the high school were examined. Parents were notified and advised to consult their family physician if any defects were found.

During the fall months children in grades 1, 3, 5, 7, 9, 11 as well as those who participate in sports were given a physical examination, by our school physician, Dr. George E. Quinn, of Farmington, N. H.

There have been many cases of virus infections during the fall and winter months. We have had very few cases of communicable diseases. Children are inspected frequently to prevent the spread of skin diseases and pediculosis.

In April, May and October free clinics were held at the Legion Hall. Toxoid and Polio shots were given as well as a few vaccinations for Small Pox. Mrs. Lois Booth, a state Public Health Nurse, assisted with these clinics.

Miss Mary Bullock, a state Physical Therapy Consultant, held three orthopedic clinics at the Milton grammar school, five students were examined and given exercises to do.

Our pre-school round-up was held in May; the children who attended were weighed, measured and their eyes and teeth checked.

The Milton Woman's Club sponsored a dental clinic with a donation of $50.00 which was matched with the same amount from Federal Aid money. Work was completed on fifteen children, this included cleaning, filling, and extractions. I feel that it is a very worth while program.

Again it has been a pleasure working with and becoming better acquainted with the children and their parents. I wish to express my appreciation to the School Board, Superintendent Martineau, our Principal Mr. Folsom, teachers and also the parents for their close cooperation.

Respectfully submitted,

MILDRED L. GILMAN, R.N.,
School Nurse.

Pupils from other districts attending Nute High School are distributed as follows:

Town	Grade 9	10	11	12	Total
Wakefield	6	6	6	5	23
Lebanon	3	1		1	5
Acton	1	2		1	4

Brookfield			1	1	2
Rochester			1		1
Total	10	9	8	8	35

At this writing, the additions to Nute High School and the Milton Grammar School are nearing completion. However, additional funds will be necessary before occupancy. This deficiency was caused primarily by the necessity of adding an additional classroom to our plans in order to meet New Hampshire Department of Education requirements for Building Aid. The district received $4,800 in Building Aid this year.

A deficiency appropriation of $10,000 is included in your budget and in a special article in your school district warrant. The necessary expenditures for this money is itemized below:

Paint for the new additions,	$700 00
Finishing gym floor,	825 00
Chalk and tack boards (Old Nute),	400 00
Auditorium chairs,	900 00
Venetian blinds,	571 00
Stage curtains,	1,130 00
Backboards and baskets,	782 00
Score board,	375 00
Bleachers,	4,000 00
Tarred walks,	317 00
Total,	$10,000 00

A vote of confidence should be given to the many volunteers who have contributed their labors for the painting of the new additions. This group of volunteers included public spirited citizens, high school students and teachers. I, personally, am deeply appreciative of this spirit of cooperativeness.

Another critical problem faces the community, and that is of staffing our school with well trained and adequately prepared teachers. A continued shortage

of teachers in all areas of instruction and the demand for additional teachers is creating a critical situation in New Hampshire. A poll taken recently at the Southeastern Superintendent's meeting indicated that there will be needed 131 additional teachers in this area next year. Consequently, the community should exercise every financial effort to retain their better and experienced teachers.

The Wally Foster Memorial Fund has made it possible for all of the schools in Milton to be equipped with 21-inch General Electric TV sets. At the request of Mrs. Leona Foster, a sum of $599.68 was given the school district for this project. This media will be used to supplement and enrich the present curriculum. WENH-TV, Channel, 2, is currently presenting programs in social studies, mathematics, science and foreign languages.

In our American Democracy, the education of our children and the financial support of our schools is largely the responsibility of the local community, however, few people realize the scope of this expenditure in Supervisory Union No. 44, which includes your community. The following data will be of interest to you:

School District Appropriations, 1959-1960

Barrington,	$91,438 25	
Epsom,	60,996 87	
Farmington,	201,166 95	
Milton,	143,408 65	
Northwood,	58,459 48	
Nottingham,	49,767 00	
Strafford,	51,606 94	
Total,		$656,844 14

Cost of Building Projects, 1959-1960

Farmington,	$425,000 00	
Milton,	300,000 00	
Strafford,	123,000 00	
Total,		$848,000 00
Grand Total,		$1,504,843 14

In conclusion, may I say that during my four and one-half years as your superintendent many changes have occurred. Because of these changes I am all the more appreciative of the constant cooperation given me by the school board, building committee, teachers and students.

Respectfully submitted,

RAMON MARTINEAU,
Superintendent of Schools.
